

Parents/Guardians:

If your child has any of the following symptoms, that indicates a possible illness that may decrease ability to learn and also put them at risk for spreading illness to others. Please check for these symptoms:

- Fever 100.4°F or higher orally
- New onset and/or worsening cough
- Difficulty breathing
- New loss of taste or smell
- Sore throat
- Nausea
- Vomiting
- Diarrhea
- Chills
- Muscle pain
- Excessive fatigue
- New onset of severe headache
- New onset of nasal congestion or runny nose
- Have had close contact (within 6 feet for 15 min or longer) with a person with confirmed COVID-19 within the past 14 days

If the screening results in positive findings, keep your child home and contact the school and their healthcare provider as appropriate- see MDH Decision Tree for more information.
